Classic Lidded Storage Set Label Instructions

Personalize your baskets by adding a label: names, content descriptions or both, such as “Jane’s Crafts,” “Board Games” or “Blankets.” It’s a wonderful way to take organizing to the next level. Use bright colored scrapbooking paper and card stock to make an impact with these labels.

Instructions: Using the template above, simply write out your label within design A. Use colored paper or fun patterns. Cut out designs A & B and affix A atop B using a glue stick. Pierce a hole through the designated mark in design B and insert a ribbon through it. Then insert the ribbon (along with the entire tag) through the weave pattern of any or all of the Classic Lidded Storage Set’s five baskets.

Voila! Stylish, personalized labeling that makes organizing a snap.
