## Classic Lidded Storage Set Label Instructions

Personalize your baskets by adding a label: names, content descriptions or both, such as “Jane’s Crafts,” “Board Games” or “Blankets.” It’s a wonderful way to take organizing to the next level. Use bright colored scrapbooking paper and card stock to make an impact with these labels.

Instructions: Using the template above, simply write out your label within design A. Use colored paper or fun patterns. Cut out designs A & B and affix A atop B using a glue stick. Pierce a hole through the designated mark in design B and insert a ribbon through it. Then insert the ribbon (along with the entire tag) through the weave pattern of any or all of the Classic Lidded Storage Set’s five baskets.

*Voila!* Stylish, personalized labeling that makes organizing a snap.
